LANCE MILLER AND BILL MILLER III

YOU DON'T HAVE TO RUN IN CIRCLES LOOKING FOR PARTS

Welcome to Spring Carlisle! We welcome the return of ARMO and their Hot Products Showcase, the Hot Rodders of Tomorrow, two-day auction presented by Auctions America, swap meet, car corral and the ever-expanding Manufacturers Midway. By being here, you have nearly unlimited means to immerse yourself in an automotive utopia.

From start to finish, nearly 100,000 of you will have made the journey to Carlisle by week's end. Our 8,100 sold-out vending spaces contain something useful, memorable or collectible. Don't forget about our car corral either. Cars run from south to north along the east side of the fairgrounds. These cars span automotive history and best of all, we have onsite financing and notary service, allowing you to drive your new ride home within a matter of hours.

The final three attractions this weekend are a sight to behold. First, the ARMO Hot Products Showcase has the hottest and most sought-after restoration products, regardless of when they came onto the market. The stage hosts small-block engines, tools and the future of the automotive hobby with the Hot Rodders of Tomorrow engine challenge. Local and regional high school students are competing for scholarship money as they disassemble these engines, then rebuild them as quickly and accurately as possible. The winning team not only earns scholarship money, they also win a trip to the finals, held in December in Indianapolis, IN.

A trip to Carlisle wouldn't be complete without the auction, presented by Auctions America. Cars range from early production models to modern-day beauties. Between Thursday and Friday, some 300 cars will cross the block at the nearby Carlisle Expo Center.

Thank you very much for spending your time with us. We're anxious to present 14 more great events in 2013, with 10 of those right here in Carlisle!

— Lance and Bill III

Welcome to Spring Carlisle. Whether you're in the market for a specific part for your classic or driver, art for your garage, or even a completely new project, you've come to the right place. If you can't find the item you need here, I bet it doesn't exist.

For me, the best part of a swap meet is the thrill of the hunt. I always go into an event like this knowing what I want to find, and I almost always seem to find something else I never knew I needed. How about a running 348 Chevy engine? Never mind that I don't have a car to put it in. Buying it is almost a knee-jerk reaction. Everybody knows that space under your garage workbench is saved specifically for stuff like this — 4-speeds, engine blocks, etc. I have my fair share of it, just waiting for the eventual project. It's just a good thing my wife is a patient woman.

This is a unique condition that relates only to swap meets — there's nowhere else to go to see so much car stuff for sale in one place — and if you're willing to put in the time to look, you can be rewarded with some excellent deals, and you can develop ideas on what you'll do next, once your front-burner project is finally finished. But in order to make the most of your weekend, you need a roadmap, and that's just what this guide is. It will help you figure out what exactly is going on and when, as well as where.

American Car Collector magazine is pleased to continue our partnership with Carlisle Events in helping to produce this guide. Be sure to grab a copy of our magazine as well while you're on site — it has all sorts of up-to-date information on what the American collector-car market is doing. Whether you've got one car or 10, it's sure to include something to grab your interest. If you like what you read, there's a subscription special in this guide.

And above all, have fun this weekend!

— Jim Pickering
Editor, American Car Collector

HIGHLIGHTS & SCHEDULE

Hot Rodders of Tomorrow Competition

The Hot Rodders of Tomorrow is a high school-level engine build competition for over \$1 million in scholarship money. See students compete for time and accuracy as they tear down an engine and rebuild it. Read more on page 24.

The ARMO Hot Products Showcase

ARMO is the SEMA council whose mission is to preserve and promote the automotive restoration industry and hobby. In years past the ARMO display was limited to “new” products — those newly available to the market. This year the showcase will feature the “hottest” and most sought-after restoration products — regardless of when they came onto the market. So if you want to see the hottest products on the market, straight from some of the biggest manufacturers, be sure to visit the tent in front of the grandstand.

Manufacturers Midway & Swap Meet

Visit our partners on the Manufacturers Midway and shop the swap meet. You'll find new product manufacturers, vintage accessories, parts and memorabilia. Vendors are listed by specialty and alphabetically in this directory. Financial services are available inside Building T.

Collector Car Auction

The Carlisle Auction, presented by Auctions America, provides the perfect opportunity to purchase or sell your collector car. A large and diverse selection of extraordinary vehicles and our Carlisle Expo Center are the ideal combination for a great selling environment. The Expo Center is just a short walk outside of Gate 3 or a quick ride on the shuttle. Read more on page 8.

Car Corral

The car corral is where vendors offer vehicles only (no parts, etc.) for sale. Find classic to late-model vehicles in all varieties of make, model and condition. You can shop, compare and make the deal directly with the owner. Notary services, including temporary tags, are available in the office between the pavilions.

Worship Service

A non-denominational worship service is held at

9 a.m. Sunday morning in the grandstand. We invite you to join us for the service led by The Salvation Army, our partners in faith. Coffee and donuts available. Everyone is welcome and encouraged to attend!

Pets

Pets are strongly discouraged for health and safety reasons. If you cannot make other arrangements, your pet must be on a leash and policing after it is required. Your pet must be under your control at all times, and you are responsible for its actions. Any unsafe action by your pet may result in expulsion without refund.

Transportation

For safety reasons, the use of all personal means of transportation (bikes, scooters, golf carts, ATVs, motorcycles or minibikes, etc.) is forbidden on the Fairgrounds from 7 a.m. to 5 p.m. on all show days. No unlicensed drivers may operate these vehicles at any time. Verification of insurance is required.

Conditions

Dangerous or slippery conditions can exist on the Fairgrounds. Due to the nature of the goods displayed, heavy equipment and moving vehicles are present. Carlisle Events cannot be responsible for the conduct of vendors and patrons entering the premises. Those who enter the Fairgrounds do so at their own risk.

AUCTIONS AMERICA

From the Experts: Smart Tips for Investing in the Collector Car Hobby

Have you ever entertained the idea of investing in a collector car? It can be an enjoyable and rewarding experience if you take the time to learn how to choose the right car for you. Best of all, you don't need to be a wealthy entrepreneur to afford a classic car. Many collector classics can be had for the price of today's new cars.

Auctions America's team of experts offers the following tips for those new to the hobby.

Invest in Happiness — Do it for love. Don't buy a car with the thought of making money overnight. Instead, buy something you are going to enjoy driving and owning. But don't fall in love at first sight either. Some cars have great visual appeal, but that doesn't always translate into value or reliability.

Do Your Homework — Once you decide on your ultimate dream car, do your homework. The Internet is a valuable research tool. Classic-car clubs and live auctions are also great places to network with knowledgeable enthusiasts. Before you buy, have an expert check it over to make sure you are getting exactly what you are paying for, and always buy from a reputable source.

Study the Market — Several publications, including the *Hagerty Price Guide*, offer current values based on recent sales, and various collector car magazines, such as *American Car Collector*, publish auction results and offer market insights. In addition, most auction houses publish their sales results online.

Buy the Best You Can Afford — Purchase the best example you can afford within its class; "Best of Category" cars are traditionally more desirable and hold their value the most. In addition, classic cars with famous heritage, such as Auburns, Shelby Mustangs and '50s and '60s Cadillac convertibles, are better long-term investments than less-desirable marques. However, not every famous manufacturer's model is valuable; each has had its share of winners and losers.

Keep it Simple — Consider the following elements as part of your purchase decision:

- **Documentation** — Knowing a car's complete history is one of the most important factors to consider. In brief, the more documentation the better!
- **Originality** — The more original a vehicle is the higher value it will likely fetch. If a car has been restored, look for examples that have been restored to factory specs. In addition, the lower the original mileage, the more desirable the car.
- **Rarity** — Low production numbers and survival rates are important factors in the value. Fewer than 1,000 produced is good. Fewer than 100 is even more desirable.

Most of all, don't forget to enjoy your classic vehicle. Participate in a juried show such as a concours event, or enter your car in competitions. You could win awards and recognition that will help secure the car's provenance and value to future owners. Enjoy the ride — there's no other investment that compares to the enjoyment and memories of owning a collector car.

Auctions America specializes in the sale of American classics, European sports cars, Detroit muscle, hot rods and customs. Headquartered at the historic Auburn Auction Park in Indiana, the Company boasts an expert team of specialists — who offer over 140 years combined experience buying, selling, racing and restoring collector vehicles, making them uniquely qualified to advise on all aspects of the hobby.

Auctions America's Fall Carlisle Collector Car Auction returns to the Carlisle Expo Center, October 3–4. For further information or to view a frequently updated list of entries, visit auctionsamerica.com or call toll free 877-906-2437.

How'd you do that...

...so fast?

It's easy...with the right tool.

Meguiar's® DA Power System brings the detailer's secret – “dual action” – to your garage. Simply attach Meguiar's DA Power System to your drill to see great results in less time.

CARLISLE BEST BUYS

Auctions America — Spring Carlisle's Best Buys of 2012

The Spring Carlisle classic car auction, hosted by Auctions America, always features a good number of classics, sports cars and muscle cars for sale. Last year's auction totaled \$2,529,335 from 131 sold cars. Here are some of the best buys from that sale, as chosen by the Sports Car Market and American Car Collector staff.

1 1952 NASH AMBASSADOR sedan

Condition details: 253-ci I6, 1-bbl, 3-sp. Twelve-year-old restoration, incredible execution and preservation. Paint superb, with minor blemish on driver's side C-pillar the only flaw of note. Gaps and fit excellent, chrome and trim are show-quality, interior to match. Original AM radio, very cool Airflyte instrumentation. Engine bay and undercarriage detailed to show condition. 1952 YOM plates. Owned by seller for 32 years.

Market opinion: This stunning car was one of the top five in the auction from a condition standpoint. The cost of the restoration far exceeded the price realized, and the buyer got an absolute steal.

SOLD at \$13,200

Lot# 136

S/N: R680440

Odometer: 42,356 miles

Condition: 2-

2 1957 CHEVROLET CORVETTE convertible

Condition details: 283-ci 270-hp V8, 2x4-bbl. Stunning restoration. Reportedly one of 10 delivered in this appealing color scheme. Excellent chrome and trim. With dual quads, dual exhaust, electric clock, tach, windshield washer system, courtesy lights, deluxe heater and side-view mirror. Concours detailed throughout including underside and engine bay. Very slight hood bulge is the biggest complaint. Interior gauges and instruments all excellent.

Market opinion: The color combination was as impressive as the sound of the engine, and the car had a crowd around it all weekend long. It had never been judged, and the only negative was no mention or display of any paperwork showing provenance. If paperwork exists, very well bought.

SOLD at \$99,000

Lot# 395

S/N: E575106210

Odometer: 74,633 miles

Condition: 1-

3 1969 BUICK GS 400 convertible

Condition details: 400-ci V8, 4-bbl, 4-sp. Brilliantly executed frame-off restoration, show-detailed throughout. One of 1,176 convertibles built in '69. With optional a/c, power windows, tinted glass, and disc brakes. Fitted with Muncie 4-speed transmission. Original build sheet included.

Market opinion: While this GS 400 wasn't a Stage 1, the quality of workmanship pushed it very close to Stage 1 money. This was one of the best-condition cars at the auction. Well bought.

SOLD at \$78,650
Lot# 382
S/N: 446679Y139816
Odometer: 78,059 miles
Condition: 1-

4 1974 DETOMASO PANTERA coupe

Condition details: Actual miles shown. Correct factory gaps and panel fit. Excellent original paint with minor buffing swirls throughout, very good original trim and rubber. Some minor curb damage to two of the wheels. Nice original interior with all correct components. Engine bay very clean but not detailed.

Market opinion: Many of these cars were bought for perceived future investment value, as seen here. The Ford V8 is a simple engine to maintain. A lot of fun and a ton of eyeball for the price paid. Well bought.

Sold at \$41,800
Lot# 393
S/N: THPNNK06407
Odometer: 21,417 miles
Condition: 2-

5 1965 FORD MUSTANG convertible

Condition details: 200-ci V6, 2-bbl, auto. Highly original car with one repaint likely done years ago and preserved. Miles claimed original and overall presentation confirms. Original top, engine and interior. Nice chrome and trim also indicative of a good original car. Only notable options are the Cruise-O-Matic transmission and power top.

Market opinion: The 6-cyl Mustangs were not exactly top of the heap then (or now), but the upside was a reliable, easy-to-maintain car. Someone will enjoy the heck out of this for the next five months and then could sell it for probably the same money, if not a slight profit. Well bought.

SOLD at \$13,750
Lot# 428
S/N: 81081720343
Odometer: 43,831 miles
Condition: 3

6 1968 AMC AMX 2-dr hard top

Condition details: Frost White & red/red leather. Odo: 7,162 miles. 390-ci V8, 4-bbl, 4-sp. Unrestored low-mile car with full mechanical freshening. Excellent original paint and trim. Equipped with GO Pack and rare 4-speed manual. Light interior wear. Detailed engine bay with correct parts still in place.

Market opinion: I've run across three of these so far this year at auction. This was a nice, honest, low-mile car that had been properly maintained. The GO Pack was the top performance option for this car, and bidding reflected this. Both parties have reason to be satisfied with the result.

SOLD at \$18,590
Lot# 403
S/N: A8M397X262982
Odometer: 7,162 miles
Condition: 2-

SWAP MEET TIPS

Getting the Most Out of Your Day at the Swap Meet

Simple Steps to Better Parts Hunting

By Jim Pickering of American Car Collector

The Spring Carlisle swap meet is one of the largest events of its kind in the world, with more than 8,000 vendor spaces spread across 150 acres. If you're looking for a new project car — or a specific part for the car or truck you already have, you've definitely come to the right place.

But there are thousands of things to see and items to sort through here at Carlisle, and you've only got a limited amount of time to get through it all. It's easy to get sidetracked. What you need is a good plan.

Here are a few tips to help you make the most of your trip, and to help you find exactly what you're looking for:

1 Be on site early. The best deals always go quickly, so being first to the party can certainly help. And items move fast, so if you come across a car or part you really want or need, buy it before walking away. If you take the time to think about it too long, chances are it'll be gone when you come back. It's also smart to study the map and learn the layout of the swap meet. Try heading to the dead center of the event first, as most people will start hunting near the gate.

2 Stay until the end. This is just as important as being early, as there are always vendors who simply don't want to take some of their stuff home with them. Prices get cheaper as the event winds to a close — some of the best deals are always scored in the final hours.

3 Build a wish list. Have a list of needed items in your pocket to help keep you on track, and know what they look like. Similar-year parts can be hard to tell

apart, and you don't want to buy a '64 Impala taillight when you really need a '65. Also, along these same lines, make sure you hear engines run before laying down any cash. Otherwise, you may end up with a very expensive core to rebuild.

4 Cash talks. Be sure to have cash on you — at least enough for the parts you want to buy. Doing so means you can avoid needing to hit up an ATM if you come across the deal of a lifetime — if you take 15 minutes to run to the ATM, you could miss out. Plus, if you're bartering on the value of something, like a double pumper Holley, cash in hand can help seal the deal at a lower price than what the seller is asking.

5 Power in numbers. You've got a lot of ground to cover. Why not bring a friend and split up? And if you do, have cell phones handy so you can alert your buddy when you find the perfect part for his project. Go have breakfast together before you get started, so you can go over each other's wish lists.

6 Remember — everything's a negotiation. Just because the owner of that GTO project is asking \$10k doesn't mean he won't take \$7k. Don't be afraid to make offers. The seller will either say yes or no.

7 How are you getting stuff to the car? Say you buy a front fender for a C10 pickup. Are you going to carry it out to the parking lot? Remember, stuff starts to feel heavier every 15 minutes or so. Bring a small wagon if you can, or you can get a cart from Guest Services for a donation to the Chip Miller Charitable Foundation. That way, you won't be stuck carrying the parts you buy.

VENDOR PROFILE: SAM BEACOM

By Mike Garland

Since Spring Carlisle launched in 1977, thousands of vendors have come to Carlisle. Also during that same period, millions of enthusiasts have been on site. Not many people can say that they've been in a position to see every vendor and every patron. One man, Sam Beacom, can say he's seen it all and then some. Best of all, Sam can say that he's been with Carlisle Events from the start, including every Spring and Fall Carlisle event dating back to 1974.

Sam is from Tarentum, PA, where he operates his business, S & S Sales. On top of coming to Spring Carlisle, Sam makes a point to be at many of our other Carlisle-based shows. He and his family, who help with his business, have sold products at the Spring, Fall, Import, Ford, GM, Chrysler, Truck and Corvette events. In addition, by adding Zephyrhills Fall and Winter AutoFest to the fold in Florida, Sam has given consideration to being part of those events too. They have been setting up at our newly acquired Auto Mania show in Allentown for a number of years.

What really makes Sam special is his ability to relate to the common man (or woman) and their needs and expectations. Sam isn't a man of many words but knows that listening to what a customer has to say and, more importantly, having what they need, goes a long way for business. "I listen and try to know exactly what someone is looking for," noted Sam while working in Florida. "I always make sure I have an inventory that I believe fits the show that I'm at. Most of the time, I'm able to help someone with their request. If I have what they want, we both benefit."

And what exactly does Sam offer? "Ninety-five percent of what I sell is made in the USA. People like it that way. I have a lot of tools, tires and miscellaneous automotive merchandise and I'm always sure to have a fair stock on hand, no matter what show I'm at."

Since Sam has come to Carlisle since day one in 1974, it's only natural to wonder what has kept him coming back year in and year out. Sam says, "the people are really why I come. Carlisle is a great place to make money and that is always good for business,

but the people that I've met over the years, I just can't duplicate that experience."

Weekends at Carlisle have always been a family affair for Sam. For many years, his wife, Penny, would enjoy time with him at our shows. She has since passed, but his sons Mark and Sam Jr. continue to make the journey. In fact, Mark and Sam Jr. each have kids, extending the family fun to yet another generation.

"We're lucky that Carlisle offers so many family-friendly events, because it gives him an opportunity to have his cake and eat it too."

"Dad loves coming to Carlisle for so many reasons," said Mark. "When mom died, coming here was very therapeutic for him. She passed on a Wednesday; we had the funeral on a Sunday and then drove to Carlisle later that night. I really think he needed that. Seeing everyone really helped." Mark continued by noting, "Growing up, my brother and I used to alternate trips until Mom convinced someone at our school that what we were doing was educational. From then on, we both came. It's been a lot of fun." Mark concluded by adding, "The only thing dad enjoys more than Carlisle are his grandchildren. We're lucky that Carlisle offers so many family-friendly events, because it gives him an opportunity to have his cake and eat it too."

Sam is such a wealth of knowledge as it relates to cars and car parts too and really enjoys an engaging conversation on the topic. The older-era cars are his bread and butter, but if you give him a moment, you'll quickly see that the automotive hobby as a whole sparks his interests. If you are looking for a great man or some made-in-the-USA parts, be sure to visit Sam's setup across from the food court in Row D86-91 and Row E87-93.

NEW FOR 2013

New Happenings at Carlisle and Beyond in 2013

By Mike Garland

How long have you been coming to Carlisle? If it has been longer than three years, then you know that up until 2010, most events took place at Carlisle and Carlisle only. There was a time when an event here or there would pop up in another market, but more than 99% of all automotive happenings have taken place within the Keystone State. Carlisle has done shows in California and Illinois, just to name a few, but what has changed recently is the total amount of events produced by Carlisle. In addition, some new locations have been absorbed into the fold on a regular basis.

This year, Spring Carlisle marks the third event on the Carlisle schedule, but the first of the year in America's Automotive Hometown. New this year are two events that have already taken place, Allentown Auto Mania and Zephyrhills Winter AutoFest. The Auto Mania event has been around for more than 20 years and takes place at the Allentown Fairgrounds in Pennsylvania. Prior to its acquisition by Carlisle Events, the weekend was operated by Bill Miller III under the brand of Miller Events. Now, with Carlisle's backing, Miller remains involved — but has a wider array of resources to market and promote the event. Auto Mania sold out in 2013, and vendors are already on a wait list to be part of the 2014 swap meet weekend.

Zephyrhills Winter AutoFest, much like Fall Carlisle, launched in 1974. The event takes place in Zephyrhills, FL, north of Tampa. Winter AutoFest has a partner event, Fall AutoFest, that takes place in November. Both events are similar to Spring and Fall Carlisle. There is a collector car swap meet, car corral and two-day auction. What makes them different from events at Carlisle? They're in Florida and the beach is close by! In all seriousness, the Florida events welcome an eclectic mix of consumers and vendors. Some are

already familiar with what Carlisle does, while others are new and excited to have us promoting the events.

One other new event in 2013 is the Carlisle Sports and Outdoor Nationals. This event is a step outside the automotive box that you may be accustomed to. The weekend will be great for families as it will host a lot of interactive hunting and fishing activities, including many "how to" seminars. There will be a 3D archery shoot, turkey calling competitions and a place to buy, sell and trade used and new outdoor-related equipment. Best of all, it's a new opportunity to spend a weekend at Carlisle to experience something unlike anything that happens between April and October. In fact, this show will give you a chance to enjoy something that hasn't taken place in the area in more than a year, a multi-day sports and outdoor show.

In addition to the three new events on the calendar, the Bloomsburg Nationals once again takes place in Bloomsburg, PA. This event, which was announced in April 2012, welcomes all types of machines and includes live music and great entertainment for enthusiasts of all automotive brands. This event takes place in August and, much like the Carlisle Sports and Outdoor Nationals, is a great way to spend time with your family while enjoying a weekend at an event promoted by Carlisle Events.

All told, since the conclusion of the 2010 season in October of that year, Carlisle has added or become partner in seven new events. So whether you enjoy a weekend in Auburn, IN (Auburn Spring and Auburn Fall), Zephyrhills, FL (Fall AutoFest and Winter AutoFest), Allentown (Auto Mania), Bloomsburg (Bloomsburg Nationals Powered By Carlisle Events) or at Carlisle for a new and exciting sports and outdoor-themed weekend, Carlisle offers something for everyone — everywhere!

ENGINE BUILD COMPETITION

Hot Rodders of Tomorrow: Teams Compete for Scholarships

By Mike Garland

When you work on your engine, do you do it quickly to get the job done or do you take your time to assure an accurate result? Consensus dictates that engine work is something best done slowly, methodically and over the course of time. This approach should help you stay on point, assure that your engine actually works and that you have no spare parts when you are done. That, of course, is the “normal way” to work on an engine. But...what if you could disassemble your engine AND put it back together in 20 minutes? What if this method paid you handsomely in the form of scholarship money and what if this method still meant that you had no spare parts?

If you prefer the latter to the former and want to see some amazing talent on display, be sure to stop by the main stage on Thursday and Friday to see the Hot Rodders of Tomorrow engine build competition. The Hot Rodders of Tomorrow (HROT) have been coming to America's Automotive Hometown, Carlisle, PA, since 2011 and have been in existence since 2008. The purpose of the company is varied. First and foremost, HROT works to develop today's youth for the race and performance industry. HROT also gives students the opportunity to display their talents and knowledge gained during classroom sessions and workshops. It also provides opportunities for students to build and develop teamwork, demonstrate their skills, enthusiasm and showcase their ingenuity. Instructors are also able to grow enthusiasm in their school auto tech programs and promote the auto industry to the general public in a new and exciting way.

“Hot Rodders of Tomorrow is an exciting event where automotive students get to compete as a team,” said Rodney Bingham, president of the Hot Rodders of Tomorrow. “By working as a team, they are taught and learn the skills they would need to rebuild an engine while earning scholarships to further their automotive career.” Bingham continued, “When my dad and I started HROT some years back, we did so out of a concern for the future of the automotive hobby. We saw a lot of age represented at events and wanted to be sure it had more youth involved to be sure that we can keep this great hobby alive.”

The competition itself is controlled chaos and is a lot like what takes place in between rounds of a drag race. Each engine, a Chevy small block in this case, is identically prepared and comes complete with all the “goodies.” Teams competing come from all areas of the country, but at Carlisle, the teams range from high schools in Virginia, north to Maine, west towards Ohio and areas in between. These kids must properly disassemble the engine using only hand tools. The cam and crankshaft remain in the block as pieces and parts of the engine come off at breakneck speed. As engine components are removed, they are placed on a parts tray or staging table where a team member makes sure each is properly positioned for reassembly. Finally, when the engine is stripped to its block, the real fun begins.

Once the turn is made, students start piecing the motor back together. In most cases, this process is what takes time. Disassembly comes quickly, if for no other reason than because it's not as meticulous as rebuilding the small-block engine. Again, with the watchful eye of judges nearby, students press forward to make the engine look just as it did when they started. Once each student has completed his responsibility and the engine is complete, the team retreats to their starting point. It's then that the judges analyze their work, adding or subtracting time accordingly.

In the end, at least one team from each region will qualify for the finals, held this year in December at the PRI trade show in Indianapolis. An additional team, or wild card entrant, may advance too if their time is one of the top overall times nationwide. Either way, everyone wins. The students gain valuable life lessons by participating. They also earn at least \$1,000 in scholarship money by simply showing up, thousands more by advancing, and they have a chance to interact with a bevy of likeminded enthusiasts.

With all that Spring Carlisle has to offer this weekend, please take a moment to swing by the stage and support these young people. As in any competition, participants will feed off your energy. Show them that you appreciate what they are doing and how they are doing it. Also, don't be afraid to find out how your young enthusiast can be involved too.

Carlisle Events is pleased to recognize our partners. Their support allows us to continue providing exciting events, activities and guests for your enjoyment. For information on sponsorship opportunities call Jim Vinarski or Ed Scholly at 717-243-7855.

AutoTraderClassics.com

AutoTraderClassics.com is the best place to find and sell classic and performance cars without leaving your seat. On AutoTraderClassics.com, you can search thousands of classic cars from dealerships and private sellers, find a comprehensive inventory of both parts and accessories for maintenance, restoration and even custom builds of classic vehicles and list your classic car for sale to reach over a million shoppers every month. AutoTraderClassics.com also provides enthusiasts with a one-stop shop for resources on how to select, appraise, finance, purchase, transport and maintain the car of your dreams. Plus, there's always in-depth editorial content, classic car photos and information about events across the country. That's AutoTraderClassics.com ... the Preferred Collector Car Marketplace of Carlisle Events.

Gumout Performance Chemicals

Gumout® Performance Chemicals deliver the technology to progress automotive performance, with products blended specifically to clean, protect, and enhance critical parts of your car. Our products are designed with the expertise of an array of scientists, with years of experience in developing fuel and engine additives for today's drivers and specialized users.

Whatever the vehicle, whatever the concern, our comprehensive line of fuel additives offers targeted solutions to fulfill a vast range of needs. From advanced fuel additives to complete fuel system cleaners, Gumout® utilizes the latest technology to improve the lives of those who use them.

Since 1945, Gumout® has been the trusted automotive expert for some of America's finest retailers. Gumout® Fuel Additives, including our Fuel System Cleaners and Fuel Injector Cleaners, remove deposits resulting from low quality gasoline, allowing a vehicle's critical parts to work more efficiently. A number of our products can even prevent future deposit build-up, which helps restore the engine to peak condition and maintain its performance for years to come. With a comprehensive range of product formulations for just about any type of car, truck, diesel or flex-fuel vehicle,

we're your one stop vehicle maintenance supplier. Visit us at www.gumout.com.

Heacock Classic Insurance

Have you ever wondered what collector car insurance is all about? It's simple: "passion." Heacock Classic Insurance knows that collector cars receive better care and are driven less than the family vehicle, therefore, classic car insurance rates are lowered. Our goal is to offer a custom, low-cost program designed to fit your needs. Collector car insurance from Heacock Classic provides "Agreed Value" coverage, full coverage during restoration, coverage for modifications, and your right to choose your own repair shop if your car is damaged. You also get to choose zero deductible and automatically get \$50,000 coverage for 30 days when you purchase a new classic car. After you request a quote a status report is usually ready within 24 hours. Then, we will contact you to review it and hopefully activate your new insurance policy. It's simple, easy and the best way to properly protect your investment. Call us today at 800-678-5183 or online at www.HeacockClassic.com

Meguiar's

For over 100 years, Meguiar's has shared its passion and pride for the car hobby and for making cars appear show-car perfect. They provide quality products for every surface of your vehicle – inside and out. Meguiar's Customer Care Center is available 6 days a week to answer any car care questions you have at 800-347-5700. Or, join the discussion on facebook, or their online discussion forum at www.meguiarsonline.com. "People who love cars love Meguiar's."

RockAuto.com

RockAuto ships thousands of auto parts from over 200 manufacturers to customers on every continent except Antarctica – including APO/FPO addresses. The RockAuto catalog is updated daily with mechanical parts like brake pads and shock absorbers, body parts like bumpers and mirrors, interior trim like door handles and carpets, and major assemblies like steering gears, CV axles, engine long blocks, and complete transmissions. There are no mechanics on staff (RockAuto is a store, not a repair shop) but service manuals are available to help customers learn how to perform a repair. The RockAuto catalog is expanding constantly. Someday, it may be possible to build an entire car using parts from RockAuto!

Retro Radio Restoration

Ford Chevy Pontiac Buick Oldsmobile Chrysler Plymouth Dodge

Automobile Radios from 1932-1982

Restored to OE Specifications

- Replace the parts that wear out over time
- Polish up the buttons, knobs and face
- Paint the dial indicator if it is faded
- Bead blast or paint the case when necessary
- 3-Year Warranty

Convert to AM/FM Stereo

- With plug-in jacks for satellite, MP3, iPod
- Original electronics replaced with custom-designed digital stereo receiver
- Works with original tuner and controls
- Any analog radio, any year/model, 6 or 12 volt
- Available for some imports

Reproduction Radios For Sale

- Visit the Website for a complete list

World's Leading Supplier Of Oldsmobile Restoration Parts

Fusick

Automotive Products Inc.

22 Thompson Rd.
P.O. Box 655 East Windsor, CT 06088

Phone: (860) 623-1589
or (860) 623-1583
Fax: (860) 623-3118

Web site: www.fusick.com
Email: fusickauto@aol.com

Fusick Automotive has been supplying Oldsmobile restoration parts to enthusiasts world wide since 1971. You will not find a more dedicated source for all your Oldsmobile needs. We carry parts for Oldsmobiles from 1935 to 1977. Catalogs available for 1961-77 Cutlass/442, 1935-60 Oldsmobiles, and 1961-75 Oldsmobile Starfire, Toronado, 88s & 98s \$5.00 each.

We now carry 1949-76 Cadillac and Buick parts, contact us for a catalog.

Coming soon! New Fuel Tanks for 1949-58 Oldsmobiles

We are now in the process of reproducing new fuel tanks, fuel tank straps and mounting bolts for 1949-58 Oldsmobiles. Stop by our sales booth for more information.

1951-53 Oldsmobile

How To Find A Vendor Space

BR...Building R
BT...Building T
BY...Building Y
BZ...Building Z
 (under the Grandstand)
A-Z.....Main Field
IA-IO.....Infield
NA-NZ.....North Field
CA-CE.....Car Corral
DA-DB.....Pavilions in the Car Corral
MIDWAY.....Manufacturers Midway

Letters stand for Rows and Buildings

Locate the row or building on the map in the centerfold then find the space number.

Smile! You May Be On Camera

When entering the Carlisle Fairgrounds or Carlisle Expo Center, you might notice that filming and photography are going on. By attending any Carlisle Productions event, there is implied consent, and you agree to give Carlisle Productions and authorized filming and/or production companies and/or media outlets the right to film, photograph, record your name, nickname, picture, biographical material, voice and/or likeness and to use in any manner of media in connection with the event or future events and the advertising and promotion thereof. The same holds true for any vehicle, product or any other item you display or bring to the event. You also agree to the broadcast, production, reproduction, printing, distribution and exhibition of any such photographs and/or recordings of the event, and any programming derived from the event, by any and all means, media, devices, processes and technology now or hereafter known or devised anywhere in the universe at any time in perpetuity as Carlisle Productions or any of these authorized producers, filers, photographers and/or media outlets elect without compensation of any kind to you.
